Bangalore, dated 18th Febr. 1977

CIRCULAR

Sub:- Land Reforms - Reservation of lands vesting in Government for Industrial Development - Reservation in favour of Karnataka Industrial Areas Development Board - Further instructions issued.

Ref:- Govt.Circular No.RD 256 LRM 75 dt.27-8-1975.

In the Circular cited, instructions have been issued to the officers of Revenue Department to extend all possible help and co-operation to the officers of the Karnataka Industrial Areas Development Board in verification of availability of lands vested in the Government under the Karnataka Land Reforms Act for the purpose of reservation of the same for Industrial Development in the various parts of the State.

Under the Land Reforms Act three categories of lands would vest in the Government viz., 1. Surplus lands of landholders under Sec.68, (2) Lands forfeited to Government under various provisions of the Act, like Sections 58, 83 and (3) Lands of those disentitled to hold land under Sections 79A, 79B etc.

In view of the need for planned development of industries, the necessity for locating major areas where industries could be started is urgent. This in turn is possible and made easy if the availability of vacant Government lands including lands vested in the Government under the provisions of the Land Reforms Act is known. With the added importance the urgency for determination of surplus lands, it is presumed that the Tahsildars and Special Tahsildars for Land Reforms have by now localised if not got determined surplus lands in belt areas and in the vicinity of towns and cities.

Therefore all the Tahsildars and the Special Tahsildars should, on request, immediately furnish to the Karnataka Industrial Areas Development Board the list of vacant Government lands, and the lands vested in the Government under the Land Reforms Act. The Deputy Commissioners and the Special Deputy Commissioners should ensure that the above directions are complied with without delay.
