Sub: Removal of Survey Supervisor login in Bhoomi Project – reg.

Integrated Mutation process of Bhoomi which is running in almost all the talukas of the State except Mangalore and Udupi District. The Survey Supervisor is one of the actor in the workflow. The role of the Survey Supervisor in the Application Kiosk is to verify the validity of 11E sketch of any applications received either from Kaveri or Inheritance cases through Application Kiosk.

In Bhoomi also Survey Supervisor has three important activities to play namely,

1. Accept file from RI after Provisional acceptance
2. Assignment of new Hissa number
3. Recommendation of order for approval to RI

Handwritten note: 15348

Keeping in view of the Survey Settlement employee strike and the hardship faced by the citizens and other revenue officials due to transactions stuck in Survey Supervisor login, it has been decided to remove the role of Survey Supervisor from Bhoomi temporarily and send all transactions as simple mutation, instead of Integrated Mutation process which has Phodi process inbuilt in it.

Hence forth all the new transactions will go as simple mutation.

All the existing transactions in Bhoomi software in Survey Supervisor login will be pushed to next higher level as

- All the transactions which are at Survey Supervisor login in application kiosk will be pushed to Bhoomi for initiating the transactions.
- All the transactions which are rejected by the Survey Supervisor which are in Shirastedar login are also pushed to Bhoomi for initializing the transaction.
- In Bhoomi transactions which are pending with Survey Supervisor for file receive acknowledgement will be pushed to order entry acknowledgement in Operator login
- All the transactions which are pending at assigning of hissa number by Surveyor will be pushed to Order entry acknowledgement by Operator
